

# Newspaper Seed Starter Pots

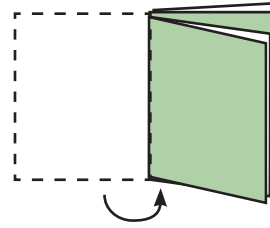

Use newspaper 17" by 11"

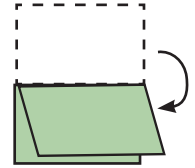

1. Fold paper in half (short end to short end), crease well

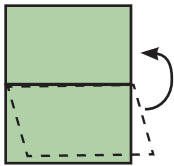

2. Fold paper in half again (short end to short end), crease well

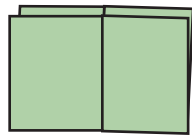

3. Fold paper in half once again (short end to short end), crease well

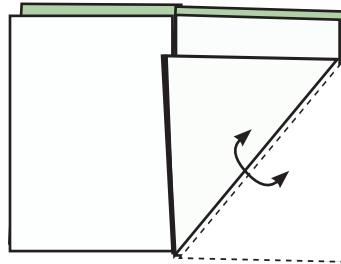

4. Unfold last fold

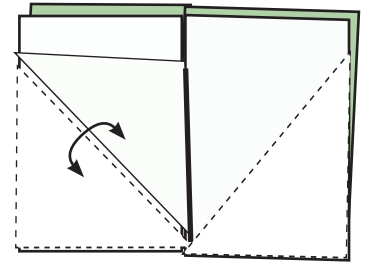

5. Rotate paper so open side is on top

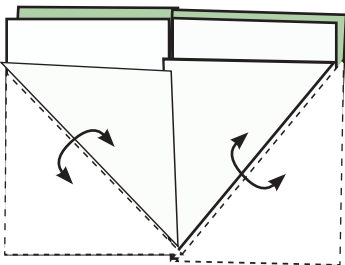

6. Fold right bottom edge of paper to the center fold, crease well and **unfold**

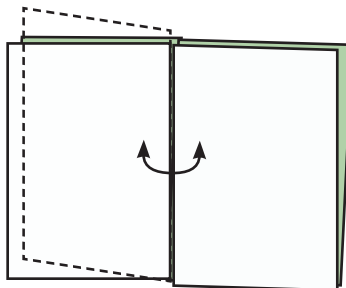

7. Repeat step 6 on the left side

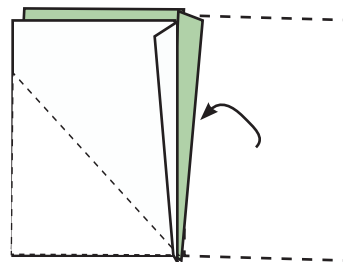

8. Flip paper on back and repeat steps 6 and 7 to reinforce the folds

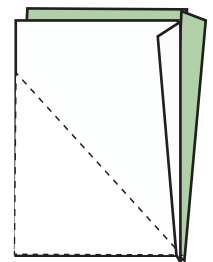

9. Repeat steps 3 and 4 on this side of the paper to reinforce the center fold

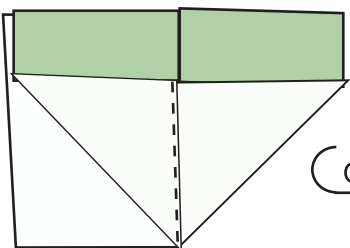

10. Fold right flap up so it is vertical (like a wall), leave left side horizontal (like the floor)

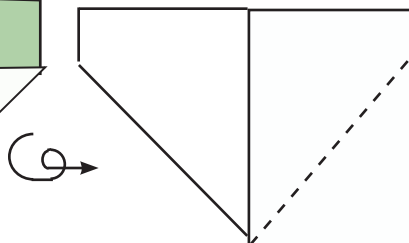

11. Put pointer finger between half of the vertical pages, all the way down to the middle point

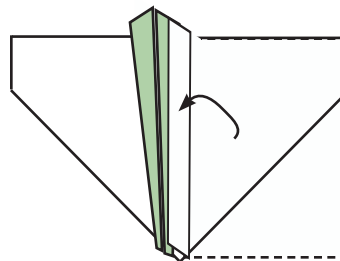

12. Press down and flatten triangle in front

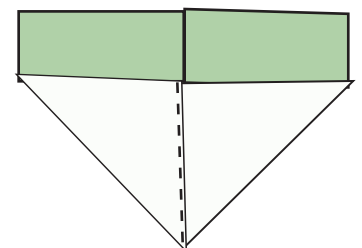

13. Flip entire paper over

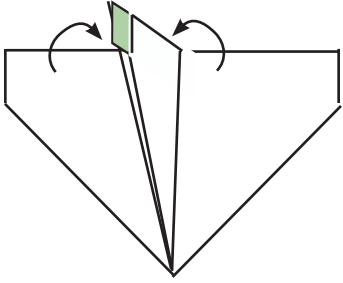

14. Take rectangle on right and fold horizontal (similar to step 10)

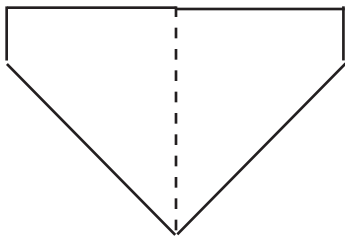

15. Repeat steps 11 and 12

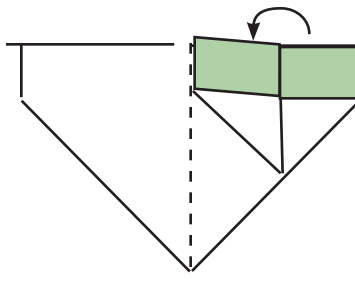

16. Take the top flaps on the left and right side and bring together in the middle

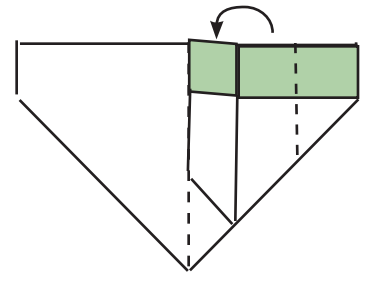

17. Take bottom two pieces of paper and fold together. You should now have a solid triangle with no gap at the top

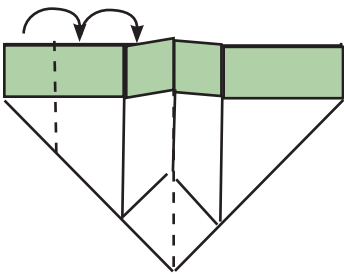

18. Fold top sheet of right corner to center fold

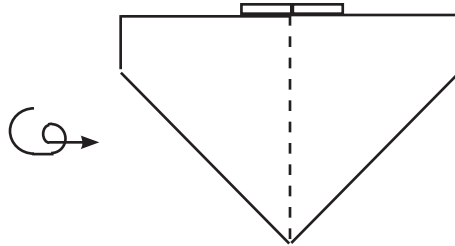

19. Again, take top right corner and fold to center

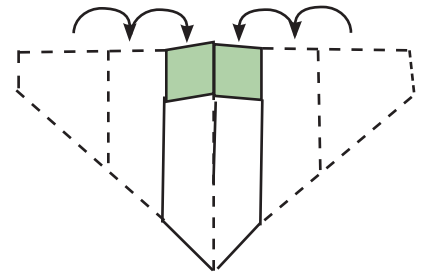

20. Repeat steps 18 and 19 on left side

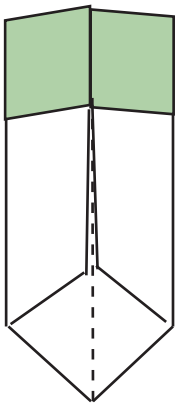

21. Flip entire paper over

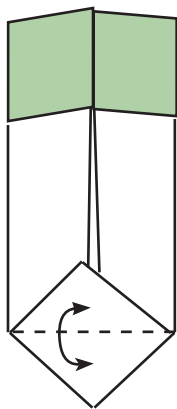

22. Repeat steps 18, 19, and 20

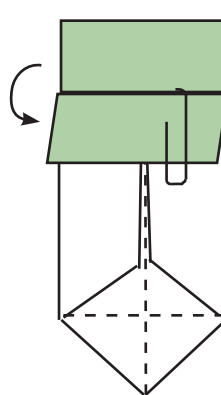

Your paper should look like this

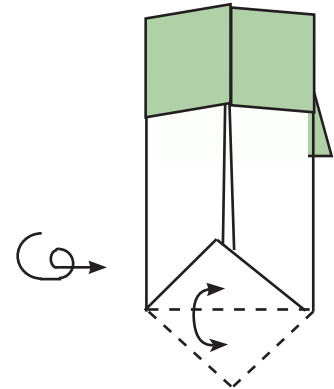

23. Fold bottom triangle up, crease, and unfold

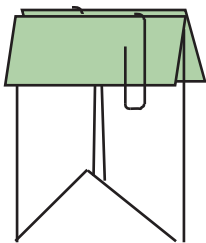

24. Fold top flap down and hold it down with a paper clip

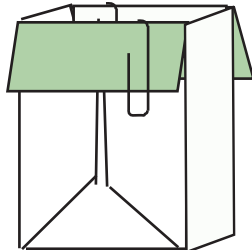

25. Flip entire paper over and fold bottom triangle up again, and unfold

26. Fold top flap down and hold it down with a paper clip

27. Grab both flaps and pull container open, flatten bottom

**You made a seed starter pot!**  
Now it is ready for potting soil.
