

Senior Companion Program

People being with people...

Spending time, being a friend,
sharing laughter and stories

Quality of life...

Enhancing the life of
volunteer and visitee

Priceless...

Sharing one's gifts—
time, presence and talent

Currently over 100 seniors are visited
by one of our many volunteers.

The volunteer and visitee decide
the length of time and number
of visits per month.

Participants are referred by family members, service agencies and/or church personnel.

Prospective volunteers learn about the Senior Companion Program through friends, health fairs and various media sources.

If you are interested in being a Senior Companion Volunteer, or if you know someone who would enjoy and benefit from having a Senior Companion:
