

# On the Other Side of Plastic

*Presented by Michelle Titterton*

We know that plastics are a problem for our natural environment, but exactly why is that? In this presentation, we will explore the impacts of plastic production, use, and disposal on our ecology. Using interesting case studies and data, we will explore impacts and also solutions.

## Saturday, June 3, 2023

### 9:00 to 11:15 a.m.

### Via Zoom

Register online by May 25th at [www.racinedominicans.org/dcjr/](http://www.racinedominicans.org/dcjr/) or call (262) 898-4094. Free will offerings to help cover the cost of the program and materials are gratefully accepted and can be made at the time of registration via credit card or send a check to the Racine Dominican Finance Office (Attn. DCJR), 5635 Erie Street, Racine, WI 53402.

Michelle Titterton is the Sustainability Director at Carmel Catholic High School and teaches several dual-credit environmental courses with Loyola University. In her role as Sustainability Director at Carmel, she has led cafeteria food waste audits with the students, tracked energy data, and implemented waste and energy improvement programs. She has led faculty and student retreats on Laudato Si'.
